BLOCKCHAIN

**Worlds Fastest
Blockchain**

ABOUT - BLUS

BLUS is the Fastest Blockchain in the world and the fastest growing ecosystem in crypto. BLUS is Open-Source Fast and Stable Eco-Friendly Decentralized Blockchain Technology. BLUS is a very Powerful for Developers and very Fast for Everyone. Totally Permission less, Secure and Scalable that can settle transactions up-to 2-5 seconds. BLUS is a Decentralized Platform that enables developers to build scalable user-friendly DApps, NFTs, Web3 and more with low transaction fees without ever sacrificing on security. The Web3 applications built on BLUS offer low fees, high scalability, and hold themselves to highest standard of security. BLUS blazing speed and low fees scale as the ecosystem grows without sacrificing censorship resistance or security.

DEVELOPERS

Developers to build scalable user-friendly DApps, Write smart contracts, De Projects, NFTS, Metaverse Games and many more with low transaction fees with higher Security. BLUS ensures compos ability between ecosystem projects by maintaining a single global state as the network scales. Developers leverage BLUS and its underlying technology in use cases from micropayments, to e-commerce to exchanges and peer-to-peer services. BLUS Super High speed and low fees scale as the ecosystem grows without sacrificing censorship resistance or security.

PAYMENT SOLUTIONS

BLUS Payment Solutions is Fast, Secure, Easy, and free-to-use payments framework built on BLUS Network the worlds most performing web3 ecosystem. BLUS Pay is built for immediate transactions, fees that are fractions of a penny, and a net-zero environmental impact. Now your business can harness thepower of the Blockchain at the same speed as traditional payment networks. No more intermediaries. Its just you and your customer. Its not just about regaining control of your payments. Using the BLUSBlockchain to connect merchant and consumer wallets creates a new communication channel. It will change how you think about offers, rewards, and the relationship between you and your customers

WEB3 GAMES

Build the games of the future at the speed of the internet. BLUS's high throughput and low fees make it a perfect fit for your masterpiece. BLUS is built for interoperability, it horizontally scales while maintaining a shared state. The lowest fees, each transaction on BLUS costs a fraction of a cent. Build the Metaverse with BLUS marketplaces, Cross-Game items, and fully-on-chain elements. BLUS's blazing-fast speed and ultra-low fees are built to scale, so the ecosystem grows without sacrificing censorship resistance or security. It's so fast, your players will definitely notice. Connecting BLUS and gaming communities is seamless.

NFTS

BLUSs high throughput and low fees make it a perfect t for NFTs of all shapes and sizes. Get started with the best reference implementations. Ecosystem projects provide resources to launch your NFT on BLUS in record speed. From auctions to perpetual royalties coded right into the NFT, BLUS supports a fully decentralized on-chain experience for artists and collectors. Focus on the artwork, not writing a new smart contract. The BLUS NFT standard and minting program offers extreme customizability, with ecosystem-wide support. Buy, sell, and bid on NFTs with these marketplaces, and view more on the Ecosystem page.

METVERSE

BLUSMetaverse is a fully Decentralized Virtual World. We handed over control to the people who create and play in this Virtual Space. You can Build and Monetize your Gaming Experience. Games will have its own Governing Planet. Where you can purchase own piece of that planet and earn These pieces of land can be used to build infrastructure for that Planet, by making Virtual NFT Stores, Collection Galleries, Weapon Stores, and Buy/Sell Artworks and NFTs from the game. Feel the Fastest Speed with BLUS comes to consensus and finality almost immediately no long wait times like other Blockchains.
